

Primrose Hill

Film guidelines for Residential Area and Primrose Hill Park including parking

The Primrose Hill area has a high volume of location filming.

To ensure filming remains tolerable and sustainable for local residents the following guidelines for film parking should be followed.

Residential Area

Large Scale productions (more than 5 crew) will need to consult local residents and businesses in this area at least three weeks before your shoot day.

Please contact:

Mick Hudspeth
Primrose Hill Community Association
29 Hopkinsons' Place
London
NW1 8TN
Email: primrose_hill@btopenworld.com
Telephone: 020 7586 8327

Shoots and vehicles taking up more than 3 Pay & Display/Shared Use Parking Bays will receive a map marked with relevant Filming Proposal Letter drop streets in accordance with Camden's Terms & Conditions for Filming. A letter drop must include contact and feedback information for local residents and businesses to send directly back to Primrose Hill Community Association.

For filming anywhere in Primrose Hill:

Conduct Letter drop with Primrose Hill Filming Proposal Letter with residents and liaise with Primrose Hill Community Centre. See letter – drop zone map

Film companies working in Primrose Hill usually give a donation to the Primrose Hill Community Association. Cheques should be made payable to Primrose Hill Community Association and sent to Mick Hudspeth at the above address. Donations need to be received by the PHCA before filming commences and should be sent in at least 1 week in advance of filming.

In the past some film companies who agreed to make a donation did not do so after filming so the donation is now requested to be made pre-filming.

Parking - Technical Vehicles

Only essential technical vehicles (usually 5 or less) will be considered for parking suspension in the area. Unit parking will not be considered in the immediate area, advice on unit parking servicing Primrose Hill is given below.

Suspension of Pay & Display/Shared Use parking bays for technical vehicles is restricted to specified bays in the area – please see map below. A recce is recommended.

Suspension of resident only parking bays will not be considered.

Please see map below

Parking - Unit Bases

There are various unit base options within a mile of Primrose Hill. A recce is recommended. London Zoo car park is frequently used as a unit base but can become busy during school holidays.

London Zoo (represented by Unit Base)
Regents Park
London
NW1 4RY
Contact: Hannah Breslin
Tel: 0203 051 6488

Primrose Hill Park

The Royal Parks welcome applications to film within Primrose Hill Park.

It is the Royal Parks preference that only vehicles belonging to the parks ground maintenance contractors - Service Team - are used within Primrose Hill Park. Service Team are able to lease trucks and transit vans (with drivers) to film companies at an hourly rate.

Service Team
contact: Bob Barrett
Chester Road Depot
Regent's Park
London NW14NR
Tel: 020 7487 4732

However in order to create the shortest (thus safest) cable run The Royal Parks will consider allowing trailer type generators and a tow vehicle to park on the designated hard standing – please see map below - within the park to service lamps at the viewpoint. These vehicles would enter through the Ormonde Terrace gate

Outside of the park, parking is managed by Camden Council and arrangements for film parking are handled by Camden Film Office (details above), Camden Film Office will consider parking suspensions for parking technical vehicles in the Residents/Pay & Display Bays on the park side of the designated section of Regent's Park Road – please see map below.
